

DONATION FORM

Background: Ocean Ridge Airport is a privately owned, public use airport on the CA coast. It is not financially self-supporting at this point and is at risk of being shut down by the state transportation authority if the airstrip asphalt surface is not repaired within the next year. A group of interested community members has formed an informal group called Ocean Ridge Airport Association (ORAA) with the goal of raising funds to have this necessary work done to keep the airport open. It is vital not only for private pilots who live here, but also for tourists (on which our small, remote community's economy depends) and most importantly, emergency medical services such as helicopter ambulance services.

I would like to support the Ocean Ridge Airport in Gualala, California. Please accept this monetary donation toward runway repair and general maintenance so that the airport will remain open to the public.

Name: _____

Mailing address: _____

Email address: _____

Phone number: _____ "N" number: _____

Donation amount*: _____

Please make checks out to Ocean Ridge Airport Association (ORAA) and send to the address below.

- Please don't acknowledge my donation publicly
- Please send me emails with occasional airport updates and progress in runway repair efforts.

*Donation details: Donations made to ORAA are non-deductible gifts from the donors. Monetary gift amounts exceeding \$14,000.00 will require the donor to file a gift tax return. Because the airport is privately owned property, it is not eligible for IRS tax exemption status (such as a 501(3)(c) organization).
