

TIE DOWN PACKAGE INFORMATION

REGISTRATION FORM

Pilots who choose to tie down their aircraft at the Ocean Ridge Airport in Gualala, California have two options for payment:

- 1. Deposit nightly tie down fees into the payment box**
 - \$7/night for single engine plane
 - \$10/night for multi-engine plane
- 2. Purchase an annual tie down package (effective January 1 -December 31)**
 - \$550/year single engine plane
 - \$800/year multi engine plane
 - A membership card will be provided to place in the window
 - Saves time—you don't need to remember to deposit your payment every visit
 - Saves money—for frequent visitors, the savings can be substantial

Tie down fees go toward airport maintenance (including runway surface repair, tie down hardware, paint, etc). These and many other operating costs (such as liability insurance) cannot be covered by tie down fees alone. However, every small payment makes a difference toward keeping the airport open to the public.

Please do your part and pay for the services provided by this privately owned, public use airport.
